Cake cutting

The cutting of your wedding cake is a truly magical moment. We like to ensure all of our couples are aware of the cake cutting packages available to you before you begin making arrangements with your cake maker.

Providing your own cake on the day is permitted. To keep all guests safe on the day of your wedding we require a full list of cake ingredients. This is to ensure we do not serve the cake to anyone with allergies. Our team will work alongside your cake supplier for delivery options on your special day. In some of our venues a fridge is available, however this cannot always be guaranteed. Our preference is that your cake supplier delivers the cake 30 minutes before your venue hire begins.
