## SCIENCE SCHOOLS

Harrow School's new Science Schools building is a truly unique venue, blending cutting-edge architecture with innovative sustainability. The venue is set across two floors, with seven breakout rooms (classrooms) on each level, all with panoramic views of the London skyline, Wembley Stadium and our nine-hole golf course. The building also offers two private meeting rooms, both with full AV equipment. One of its standout features is the 180-seat lecture theatre, with state-of-the-art AV and presentation technology. The venue is suitable for conferences, presentations and much more.

## ENERGY EFFICIENCY

The building is designed with both form and function in mind. Featuring a striking contemporary design that complements its historic surroundings, it not only provides an inspiring space for lectures and presentations, but it also plays a crucial role in powering other buildings across the campus. This is thanks to its highly efficient energy system that integrates renewable technologies, making it key to Harrow's commitment to sustainability of the school.

## CLASSROOMS AND BREAKOUT SPACE INFO/AV

- 14 classrooms, split across two levels
- Accessible entrances
- Foyer space suitable for refreshment breaks
- Floor-to-ceiling 4K media wall
- 2 meeting rooms, split across two levels
- Smart AV system in each classrooms with USB C docks and Clevertouch 85" interactive display screens
- Meeting rooms; shortthrow projector and USB C/HDMI adaptor

## CATERING AND SUPPLIERS

The Science Schools and the Sir Joseph Banks lecture theatre provides a wonderful backdrop for your next corporate event. A variety of catering options is available. The building is located next to the Shepherd Churchill Dining Hall, which can accommodate all 180 guests for either an informal or plated lunch, depending on the style of service you require. Please contact our events team for more details.
